Case Study

LOCATION OF JOB: Goonyella/
 Goonyella Riverside Mine
 CLIENT: BHP Billiton
 CONTRACT VALUE: \$2M per annum

QCCS have been appointed at Goonyella and Goonyella Riverside Mines since 2014, completing a broad range of concrete remediation projects site wide. These projects have included hydro crack blasting, steel fixing, formwork, concreting, grouting, chemical crack injection, blasting, painting, core drilling, and structural repairs. Works are conducted all over site, from the general Mine Industrial Area; to inside ROMs, coal handling and preparation plants, thickener tanks and escape tunnels.
